

ST. CLAIR

Between Gray Summit (east) and Sullivan (west)

Note:  
The dashed orange lines above represent former access to 4-lane US 66.

Alignments on this Map

- Green/Red: Original pathway, paved in concrete in 1926.
- Orange: 1950s 4-lane alignment, which adopted part of the green/red route in the middle portion of the map. The 4-lane route was later upgraded to interstate standards for I-44, which was completed in this area around 1972.

Note:  
A strip of old paving (red) dead-ends at the interstate here.
