

Between Sullivan (east)
and St. James (west)

Alignments on this Map

Green/Red: Original and first paved route.

Orange: Lanes added in the 1950s to create a 4-lane highway, which in this area used the red/green route for its eastbound lanes. The original route reverted to two-way traffic when lanes were added to the orange route for I-44 in the late 1960s.
