

Alignments on this Map

Green/Red: Original roadway, now gone.

Orange: Upgrade 2-lane route built in the 1940s to replace the original alignment. Later adopted by eastbound I-55 at a slight offset.

Blue: Lanes added in the 1950s to create a 4-lane roadway. This later became the I-55 service road.

Note:
As evidenced on a 1974 aerial photo, I-55 in the area of this map was under construction.

Note:
The westbound half of the 4-lane (orange) in the area where it does not overlay eastbound I-55 is closed to traffic.

Note:
In the absence of vintage aerial photos prior to 1956, it is presumed that the path of the original route (green/red) continued as depicted on previous maps.
