

DILIA

NM 119

Between Colonias (east)
and Bernal (west)

US 84

US 84

Note:
Concrete abutments on the Pecos
River supported a 1916 steel truss
bridge that was lost to a flood in 1937,
the same year that the Santa Fe Loop
of US 66 was bypassed. This roadway
was replaced by US 84, which never
carried US 66 traffic

Pecos River
