Exit 294

I-25
US 84
US 85

Ojo De La Vaca Rd.

Note on US 85:
The red route here was US 66 by 1932.
In the 1940s, US 85, which had shared
the red route on Old Las Vegas Hwy.,
was realigned as a 2-lane along the
path of I-25 and later consumed by the
interstate.

Note on Alignments:

The original route (green) along the Santa Fe Loop
was paved for the most part by 1930. The red route
represents improvements made between 1932 and
the 1937 bypass.
