

Alignments on this Map

Green/Red: Original and first paved route, which was hard surfaced in 1923. It would later be adopted by eastbound I-15.

Orange: Lanes added to the green/red route in the 1950s to create a 4-lane highway. The orange alignment was later adopted by westbound I-15.

Continuation of the previous map begins here.

Between Victorville (east) and San Bernardino (west)

The pre-1923 route (NOTR) from Victorville to downtown Hesperia, which is about 4 miles east of I-15.

HESPERIA
