

Between Lebanon (east)
and Marshfield (west)

Alignments on this Map

Green/Red: Original and first paved route.

Orange: 1950s 4-lane alignment, later adopted by the interstate. 1964 aerial photos show continued direct access to the 4-lane. 1976 aerials reveal no remaining direct access. Until 1975, the orange route is labeled US 66 on the state highway map.
