

Note on Inset Map:  
The green route was in the canyon  
and passed beneath the RR trestle.  
The red route bridge was built in  
1937. Only abutments remain.  
The orange route bridge was built  
in the early 1960s.

Between Peach Springs (east)  
and Hackberry (west)

VALENTINE

AZ 66

AZ 66

Note on Alignments:

Prior to paving, the green route passed under  
the RR trestle at the top of the map (inset),  
and continued on its east side before crossing  
back just above Valentine. The red route was  
completed here in the mid-1930s.
