Alignments on this Map

Green/Red: Original and first paved route. The dashed green/red line was straightened sometime between 1950 and 1964, but is not considered a realignment and is not color coded.

I-44: In place by 1962 and brought up to interstate standards by 1964. On the 1962 state highway map, US 66 signage has been removed from the original alignment, suggesting it moved to the emerging interstate. I-44 is not color coded because it was not a US 66 project and did not involve an existing US 66 alignment.
