IL 4

Note:
Actual distance between the green/red and magenta routes at the top of the map is 7 miles. It has been compressed to fit both on the map.

Between Litchfield (east) and Hamel (west)

← 1926-1930 IL 4 Temporary Route

Green/Red: Continues to follow the original path of IL 4, which was already paved when adopted by US 66.

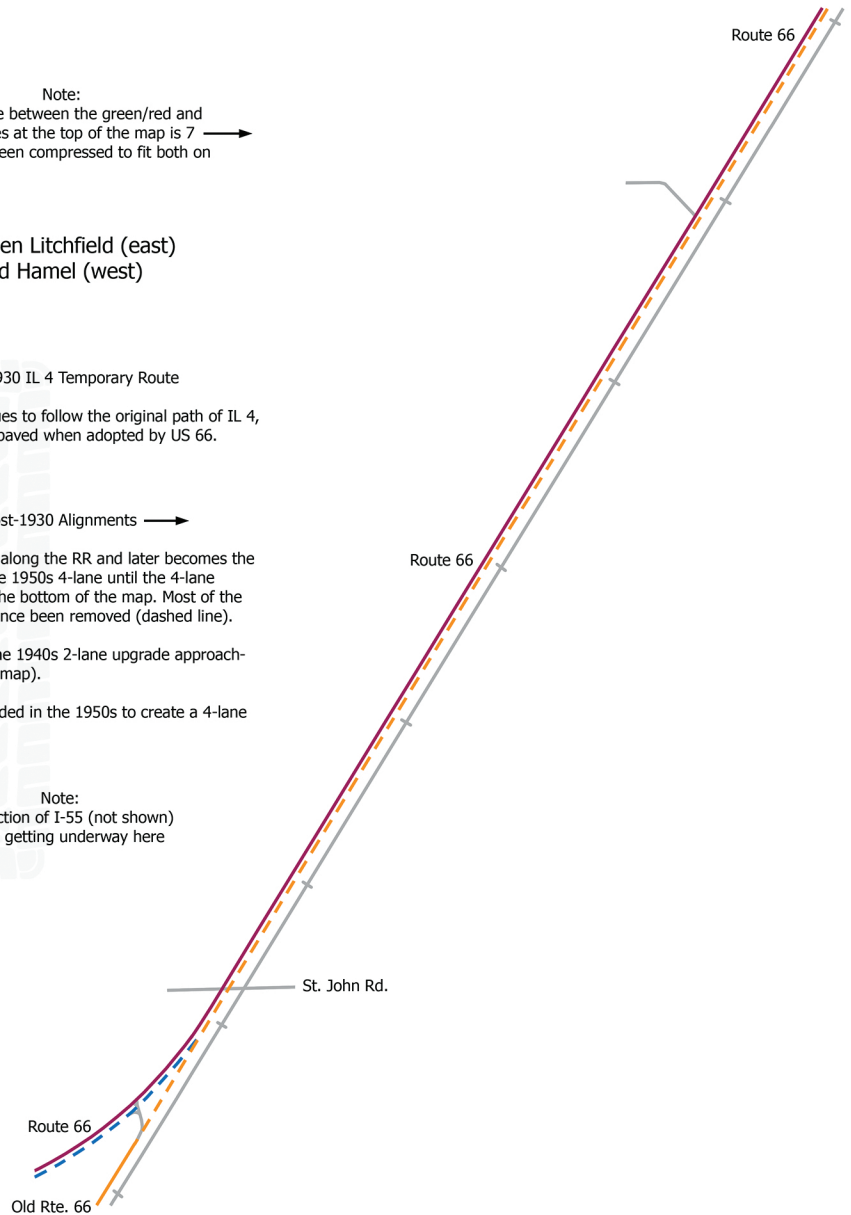

Post-1930 Alignments →

Orange: Continues along the RR and later becomes the eastbound half of the 1950s 4-lane until the 4-lane curves away near the bottom of the map. Most of the orange route has since been removed (dashed line).

Blue: Represents the 1940s 2-lane upgrade approaching Mt. Olive (next map).

Magenta: Lanes added in the 1950s to create a 4-lane highway.

Note:
Construction of I-55 (not shown) was just getting underway here in 1973.
