

Note:  
The space between the green/red and orange routes was compressed to fit on the map. Actual distance between the two is 3 miles.

Between Hamel (east)  
and East St. Louis (west)

### EDWARDSVILLE

#### Alignments on this Map

Green/Red: Original and first paved route along IL 157. Became "Bypass" US 66 when the 4-lane (orange) was completed.

Orange: 4-lane alignment first showing on the 1957 IL state map. It first appears as I-55 north of Exit 23 on the 1977 IL state map. South of Exit 23, it was signed as I-55 by 1967.

#### Note:

Original US 66 followed the dashed green line across the nature trail (former RR). By 1945 there was a viaduct over the RR (dashed red line). The current alignment (gray) is between the two.
