

Left: The 1934 Sunset Blvd. bridge (far right side of map) during construction. Right: The same bridge in 2013. Vintage Photo: L.A. City Archives.

Orange = 1936 route to Santa Monica.

Blue = 1953 bypass of the orange route on the Hollywood Fwy. Even though it was built as a limited access freeway, it is color coded because it was built as a US highway and not an interstate highway.
