

Between Grants (east)  
and Iyanbito (west)

Note on Alignments:

US 66 was paved in this area in 1935.

Westward from Milan, the orange route was in place by 1954. The project included a curve correction to the green/red route (upper left of map). I-40 was built in this area in the 1960s.

Note on Bridge:  
The 1939 concrete slab bridge in Milan was later widened in the 1950s for the added lanes (orange).

Continuation of the previous map begins here.
