

Between Hamel (east)
and East St. Louis (west)

Alignments on this Map

Orange: Continues the westward path of the 1957 4-lane that began at Hamel (undivided here). By 1962, I-55/I-70 had been extended to East St. Louis. However, US 66 and US 40 on IL 157 and Collinsville Rd. (from Beltline Rd. on the previous map), was not moved onto the interstate until 1963.

Because the interstate alignment never involved a former or existing US 66 pathway, it is not color coded.
